- 14.8 Regardless of whether title has passed to the Purchaser, the risk of loss for the Items remains with Supplier until delivery to and acceptance of the Items by the Purchaser in accordance with the GTC. SECTION VI LIABILITIES AND WARRANTIES

18. Contractual liability

- 18.1 Supplier shall be liable to Purchaser for the timely and proper performance of its Obligations under the Supply Agreement and the relevant Purchase Orders. The Supplier shall be liable for all costs, losses, damages and liabilities derived from non-compliance or breach of its Obligations, including (i) costs and expenses incidental thereto such as legal fees, incurred by the Purchaser as a consequence of the failure by the Supplier to comply with its Obligations; (ii) amounts to be paid to the Customer either by the Purchaser or by any of its Affiliates; and (iii) any amount to be paid to another supplier as the consequence of the disturbance of the production activities. 20. Warranties

20.1 Supplier warrants:

- (a) that all Items provided pursuant to a Purchase Order shall be: (i) free of all Claims, liens, or encumbrances; (ii) new and of merchantable quality, not used, rebuilt or made of refurbished material; (iii) free from all defects in design, workmanship and material, including Hidden Defects; (iv) provided in strict respect of any third party Intellectual Property Rights; (v) fit for the particular purpose for which they are intended; and (vi) provided in strict accordance with all Specifications, Documentation, Quality Requirements or other requirements approved or adopted by Purchaser; and

20.2 The Warranties shall extend to and apply for the Warranty Period, and they shall apply to Purchaser, its successors, assigns and users of Items covered by the Supply Agreement or any relevant Purchase Order.

20.3 If any of the Items are found to be defective or otherwise not in conformity with the Warranties during the Warranty Period, Purchaser may, at its option and in any case at Supplier's cost, risk and expense: (i) require Supplier to inspect, remove, reinstall, ship, repair or replace/re-perform Items nonconforming with Items conforming to the Purchase Order; (ii) take any required actions to cure all defects and/or bring the Items into conformity; and/or (iii) reject and/or return all or any portion of such Items.

20.4 Any repaired or replaced Product, or part thereof, or re-performed Services shall carry Warranties on the same terms as set forth above, with the warranty period being the greater of the original unexpired warranty or thirty-six (36) months after repair or replacement. For any repairs or replacements, Supplier, at its cost and expense, shall perform any tests requested by Purchaser to verify conformance to the Purchase Order.

Further to that, and upon request by Purchaser, copies of endorsements evidencing the required additional insured status; waiver of subrogation provision; and/or loss payee status shall be attached to the certificate(s) of insurance. Acceptance of such certificate(s) which are not compliant with the stipulated coverages, shall in no way whatsoever imply that Purchaser has waived Supplier's insurance requirements, or any other obligations set forth herein.

SECTION VII

SUSPENSION, ASSIGNMENT, SUBCONTRACTING, TERMINATION AND CHANGE OF CONTROL**22. Suspension**

- 22.1 Purchaser may at any time, by notice to Supplier and with neither liability nor costs to Purchaser, suspend performance (including rescheduling) of the work or activities under the Supply Agreement or any Purchaser Order for such time as it deems appropriate, but not longer than six (6) months.
- 22.2 Upon receiving notice of suspension, Supplier shall promptly suspend work to the extent specified, properly caring for and protecting all work in progress and materials, supplies and equipment Supplier has on hand for performance. Upon Purchaser's request, Supplier shall promptly deliver to Purchaser copies of outstanding purchase orders and subcontracts for materials, equipment and/or services and take such action relative to such purchase orders and subcontracts as Purchaser may direct.
- 22.3 Purchaser may at any time withdraw the suspension as to all or part of the suspended work by written notice specifying the effective date and scope of withdrawal (in which case Supplier shall resume diligent performance on the specified effective date of withdrawal) or terminate the suspended work according to termination clauses in these GTC.

23. Assignment, subcontracting and Change of Control

- 23.1 Supplier may not assign, delegate, subcontract, or transfer the Supply Agreement or any Purchase Order, or any of its rights or Obligations hereunder, including payment, without Purchaser's prior written consent. Any Change of Control (by operation of law or otherwise) in the Supplier shall require Purchaser's prior written consent. Should Purchaser grant consent to Supplier's assignment or Change of Control, Supplier shall ensure that such assignee shall be bound by the Supply Agreement, the GTC and the relevant Purchase Order.
- 23.2 Further, Supplier shall (i) advise Purchaser of any subcontractor or supplier to Supplier that shall have at its facility any Purchaser's Property and (ii) obtain for Purchaser written acknowledgement by such assignee, subcontractor and/or supplier to Supplier of its commitment to act in a manner consistent with Purchaser's policies, and to submit to, from time to time, on-site inspections or audits by Purchaser or Purchaser's third party designee as requested by Purchaser.
- 23.3 Purchaser may assign, delegate, or transfer (including by change of ownership or Control, by operation of law or otherwise) the Supply Agreement or any relevant Purchase Order, or any of its rights or obligations hereunder, without Supplier's prior written consent, in favour of any third party.

24. Termination

- 24.1 Termination. Purchaser may terminate all or part of the Supply Agreement or any Purchase Order at any time by written notice to Supplier. Such termination may be for Purchaser's convenience, for Supplier's default or for any other reason as defined in the Supply Agreement or applicable Purchase Order.
- 24.2 Termination for convenience. Purchaser may terminate all or part of the Supply Agreement or any Purchase Order for convenience at any time by written notice to Supplier, without stating any cause whatsoever. Upon such termination, Purchaser and Supplier shall negotiate termination costs, which shall only include Supplier's substantiated and direct costs that have or shall necessarily be incurred as a direct result of such termination. Any Supplier claim for such costs shall include all Documentation supporting such claim and shall be deemed waived unless asserted within thirty (30) days from Supplier's receipt of the Purchaser's termination notice.
- 24.3 Termination for default. Purchaser, without any liability, may by written notice of default, terminate all or part of the Supply Agreement or any relevant Purchase Order if Supplier: (i) commits a material breach of the Supply Agreement or any relevant Purchase Order, or a series of non-material breaches which when taken together amount to a material breach; (ii) becomes insolvent, goes into liquidation, ceases paying its debts as they fall due, makes an assignment for the benefit of creditors, passes a resolution for its winding up, a petition for its winding up is presented, files for protection from its creditors under any Applicable Law relating to bankruptcy or insolvency, or any analogous event in any jurisdiction shall take place; or (iii) fails to make progress which, in Purchaser's reasonable judgment, endangers material performance of the Supply Agreement or any relevant Purchase Order. Termination for default shall become effective if Supplier does not cure its breach or failure within ten (10) Days of receiving Purchaser's written notice of default, or if such failure is not capable of remedy.
- 24.4 If a notice of termination of the Supply Agreement and/or the Purchase Order is served, it shall specify the effective date of such termination, and at such date the Purchaser shall have the rights set out herein.
- 24.5 Supplier's obligations on termination. Unless otherwise specified by Purchaser, and without prejudice to all other provisions set in the GTC, upon Supplier's receipt of a notice of termination of all or part of the Supply Agreement or any Purchase Order for any reason, Supplier shall promptly:
- (a) stop work as directed in the notice;
 - (b) place no further subcontracts/orders related to the terminated portion of the Supply Agreement or Purchase Order;
 - (c) terminate, or if requested by Purchaser assign, all subcontracts/orders to the extent they relate to work terminated;
 - (d) send immediately to Purchaser, accompanied with evidence in documentary form, a status report regarding notably: (i) the Items totally completed in stock at the Supplier's facilities, (ii) the Items partially completed and their status of completion, (iii) the stocks of raw material, parts, equipment purchased from third parties by the Supplier for the purpose of performing the Supply Agreement or the Purchase Orders so terminated, and (iv) the Tooling used by the Supplier for that purpose;

- (e) deliver all completed work, work in process, designs, drawings, specifications, Documentation and material required and/or produced in connection with such work;
 - (f) return or destroy, at the Purchaser's discretion, all data of the Purchaser used by the Supplier for the performance of the Supply Agreement or any relevant Purchase Order; and
 - (g) continue performance of the Supply Agreement or relevant Purchase Order to the extent not terminated by Purchaser.
- 24.6 As of such effective date of termination (for any reason) and in addition to and without prejudice to any other rights the Purchaser may have as per Applicable Law and/or under the Supply Agreement or any Purchase Order, the Purchaser shall be entitled to:
- (a) request from the Supplier the delivery of, and the transfer of the title to any Items, whether totally or partially manufactured, at the sole risk and expense of the Supplier;
 - (b) accept all or part of the Item(s) which are either partially or totally completed at the time of termination (in such event, the Purchaser shall pay for totally completed Items delivered to and accepted by the Purchaser at the applicable price, and pay for partially completed Items delivered to and accepted by the Purchaser, at a price to be agreed upon between the Parties, such price to be proportionally reduced against the applicable price taking into consideration the progress status);
 - (c) offset any invoice in respect of totally or partially completed Items requested by the Purchaser against any sums due from the Supplier, or against the damages caused to Purchaser because of the termination;
 - (d) require Supplier to transfer all stocks already paid for by the Purchaser, including but not limited to raw material, goods, parts, Tooling, components, or equipment purchased from third parties by the Supplier for performing the relevant Purchaser Orders so terminated, without any disruption to the Customer's requirements and within a reasonable time period specified by the Purchaser. The transfer shall be: (i) at no cost to the Purchaser or to such third party in case of termination for default; or (ii) on fair and reasonable terms to be agreed upon by the Parties in the event of termination for convenience;
 - (e) purchase, at fair and reasonable prices, all stock not already paid for or owned by the Purchaser, including but not limited to raw material, goods, parts, Tooling, components, or equipment purchased from third parties by the Supplier for performing the relevant Purchase Orders so terminated; and
 - (f) be reimbursed by the Supplier, in the event of termination for Supplier's default, for all costs, expenses, losses and damages incurred by the Purchaser to remedy the Supplier's default and in re-sourcing the provision of the Items.
- 24.7 Without prejudice to other Purchaser's rights, in the event of a termination for default the Supplier shall not be reimbursed by the Purchaser for the portion of any of the non-recurring element of the price and/or financial contribution not previously recovered through amortisation.
- 24.8 Under no circumstances shall the Supplier receive pursuant to this clause an amount higher than the amount that would have been payable in the case of full performance of the Supply Agreement or the relevant Purchase Orders.

SECTION VIII CONFIDENTIALITY, PUBLICITY AND DATA PROTECTION

25. Confidentiality

- 25.1 Supplier shall: (i) use the Confidential Information only for the purposes of fulfilling its Obligations under any Supply Agreement or Purchase Order; (ii) use, without limiting the requirements under this Section, the same degree of care with the Confidential Information as with its own confidential information (which shall be at least a reasonable standard of care, to prevent disclosure of the Confidential Information), except to its officers, directors, managers, and employees, solely to the extent necessary to permit them to assist the Supplier in performing its Obligations ("Authorized Parties"); and (iii) not use any reverse engineering or similar procedures to obtain or identify any of Purchaser's IPRs, without Purchaser's express written consent. Prior to disclosing Confidential Information to an Authorized Party, Supplier shall advise of its confidential nature and ensure signature of a confidentiality agreement no less restrictive than the terms of this Section. Supplier acknowledges the irreparable harm that shall result to the Purchaser if the Confidential Information is used or disclosed contrary to the provisions of this Section.
- 25.2 The restrictions in this Section regarding the Confidential Information shall not be applicable as to particular portions of the Confidential Information disclosed by Purchaser to Supplier if such information: (i) is or becomes generally available to the public other than as a result of disclosure by Supplier; (ii) was available on a non-confidential basis prior to its disclosure to Supplier; (iii) is or becomes available to Supplier on a non-confidential basis from a source other than Purchaser when such source is not, to the best of Supplier's knowledge, subject to a confidentiality obligation with Purchaser; or (iv) was independently developed by Supplier, without reference to the Confidential Information and Supplier can verify the development of such information by written documentation.
- 25.3 Within thirty (30) Days of the completion or termination of any Supply Agreement or if required by Purchaser, Supplier shall return to Purchaser or destroy (with such destruction certified in writing to Purchaser) all Confidential Information, including any copies thereof. No such return or destruction of the Confidential Information shall affect the confidentiality obligations of Supplier all of which shall continue in effect as provided for in this GTC.
- 25.4 Any knowledge or information, which Supplier shall have disclosed or may hereafter disclose to Purchaser and which in any way relates to the Items purchased under any Supply Agreement or Purchase Order, shall not be deemed to be confidential or proprietary and shall be acquired by Purchaser free from any restrictions (other than a Claim for infringement) as part of the consideration for the Supply Agreement or the relevant Purchase Order; and notwithstanding any copyright or other notice thereon, Purchaser shall have the right to use, copy, modify and disclose the same as it sees fit.

25.5 Notwithstanding the foregoing, if Supplier is requested or required by interrogatories, subpoena or similar legal process, to disclose any Confidential Information, it shall provide Purchaser with prompt written notice of each such request/requirement, to the extent practicable, so that Purchaser may seek appropriate protective order, waive compliance by Supplier with the provisions of this Section, or both. If, absent the entry of a protective order or receipt of a waiver, Supplier is, in the opinion of its counsel, legally compelled to disclose such Confidential Information, Supplier may disclose such Confidential Information to the persons and to the extent required without liability under this Purchase Order and shall use its best efforts to obtain confidential treatment for any Confidential Information so disclosed.

26. Publicity

26.1 Supplier shall not, without Purchaser prior written consent: make any announcement; take or release any photographs (except for the fulfilment of its Obligations); or release any information, concerning the Supply Agreement or any Purchase Order or with respect to its business relationship with Purchaser, to any third party, except as required by any Applicable Law.

26.2 Supplier shall not, without prior written consent of Purchaser (a) use in advertising, publicity or otherwise, Purchaser's or any Affiliate's name, trade name, trademark, logo or simulation of it (or of any of their officers or employees), or (b) represent, directly or indirectly, that any Products or Services provided by Supplier has been approved or endorsed by Purchaser.

27. Data Protection

27.1 Any personal data shall be processed and treated pursuant to Applicable Laws on protection of individuals and personal data, and solely for the purposes of the performance of the Supply Agreement or relevant Purchase Order.

**SECTION IX
MISCELLANEOUS**

28. Independent Parties

28.1 Neither Purchaser nor Supplier shall have the right to contract or enter into commitments on behalf of or in the name of the other and shall not by course of conduct or otherwise hold itself out to third parties as having such authority.

29. Waiver

29.1 Any Party's failure or delay to enforce, at any time, any provision of GTC, Supply Agreement or Purchase Order, or any part thereof, shall not constitute waiver of such provision or affect the validity of GTC, the Supply Agreement or the Purchase Order or any part thereof, nor shall it prejudice the rights of Purchaser or Supplier to enforce such provision at a subsequent time.

30. Severability

30.1 Any Affected Provision shall, to the extent required by Applicable Law, be severed from the GTC, the Supply Agreement or the Purchase Order (as the case may be), and rendered ineffective in so far as possible without modifying the remaining provisions, but: (i) where the provisions of any new Applicable Law may be waived, they are hereby waived to the fullest extent permitted by such law, with the result that those Affected Provisions shall be valid and binding and enforceable in accordance with its terms; (ii) any Affected Provision shall be given the lawful interpretation that most closely reflects the Parties' original intention; (iii) the Parties shall replace, as far as practicable, any Affected Provision with another having substantially the same effect in its legal and commercial content as the severed provision, but which is not prohibited, unlawful or unenforceable; and (iv) such circumstance shall not void or affect the validity of other paragraphs, clauses or provisions in the GTC, Supply Agreement or Purchase Order.

31. Survival

31.1 All sections or clauses herein which by their nature or effect are required or intended to be observed, kept or performed after termination or expiration of any Supply Agreement or Purchase shall survive and remain in force after such expiry or termination, including, but not limited to clauses 1-3, 8-10, 16-20 and 23-32, all included.

32. Governing law

32.1 This Purchase Order (and all non-contractual or other obligations arising out of or in connection with it) shall in all respects be governed by and interpreted in accordance with the laws of the country in which the Purchaser has its registered office, excluding its conflicts of law provisions. The parties expressly exclude the application of the United Nations Convention on Contracts for the International Sale of Goods.

33. Dispute Resolution

33.1 In the event of any dispute arising out of or in connection with this Purchase Order, including any question regarding their existence, validity, interpretation, breach, violation or termination, the Parties agree to submit such dispute to the Courts of the city in which the Purchaser has its registered office.
